Information Discovery and Curation Activities and Actions

Enablers

Discovery

Navigation (following information scent)
- Description-based navigation mechanisms
- Reference-based navigation mechanisms
- Opportunistic navigation mechanisms
- System-regulated mechanisms

Exploration (examining information patch)
- Visual representation
- Spatial arrangement

Curation

Channel-picking (establishing information diet) → Subscription mechanisms

Management (organizing information) → Management mechanisms

Preservation (gathering information) → Preservation mechanisms

Augmentation (adding value to information) → Augmentation mechanisms

Communication (sharing information) → Sharing mechanisms
